

Medicaid Provider Audit Defense Law Firms

This list of website links was collated by the American Academy of Pediatric Dentistry (AAPD) via a Google Search and review of firm characteristics. However, the AAPD does not endorse or recommend services of any firm listed below. The AAPD does not warrant or guarantee the quality of services provided by these firms and is not responsible for any client dissatisfaction with such services. This **non-exclusive** list is provided as an informational tool for AAPD members seeking legal representation in this area, and may be modified by the AAPD at any time. Members are advised to interview several law firms and undertake appropriate due diligence, including checking of client references, before engaging any legal services. State dental associations and pediatric dentist colleagues may also be good resources for information about law firms that have represented dentists in these types of cases.

If you have any questions about this list, please contact C. Scott Litch, AAPD Chief Operating Officer and General Counsel at 312-337-2169 ext. 29 or slitch@aapd.org.
