

Healthy Smiles, Healthy Children (HSHC) is the charitable giving arm of the American Academy of Pediatric Dentistry (AAPD). HSHC supports community-based initiatives providing Dental Homes to children from families who cannot afford dental care. HSHC and AAPD are committed to establishing a dental home by age one for all children.

Since 2010, HSHC has donated more than \$3.7 million in support of Access to Care initiatives helping more than 300,000 children in 26 states. HSHC annually awards single-year grants of up to \$20,000 supporting dentist-led efforts providing care to underserved children. HSHC also awards \$375,000 multi-year grants to selected organizations. In 2016, HSHC will:

- Award up to \$1.1 million in new Access to Care Grants and commitments.
- Hold its fourth annual HSHC Dental Home Day, providing Dental Homes for ongoing dental care for at least 180 children in San Antonio (2016 AAPD Annual Session host city).
- Implement formal outcomes assessment of participating Access to Care Grantees, which will help assess our impact and plan future grant awards.

For more grant information or details on how to give, please call (312) 337-2169 or visit www.healthysmileshealthychildren.org.

HSHC Access to Care Grant Distribution by State

HSHC has received more than 1,500 Access to Care Grant applications since 2010, with letters of inquiry coming from all 50 states and the District of Columbia. Seventy organizations in 26 states have received HSHC Access to Care Grants to date:
