The Sunstar/AAPD Post-graduate Research Fellowship

CALL FOR APPLICATIONS
Due Date: January 17, 2017

PREAMBLE
The Sunstar/AAPD Post-graduate Research Fellowship Program was established for the purpose of promoting and supporting innovative research by residents in pediatric dentistry. The Sunstar Research Fellowships are possible through the generous support of Sunstar Americas, Inc. Up to three (3) pediatric dental residents are selected each year to receive a yearlong research fellowship. The AAPD Council on Scientific Affairs selects the recipients on a competitive basis from eligible submissions. Each award will be made by July 5, 2017, and will provide up to $7,500 of funding. Recipients are required to present their research results at the AAPD 2018, May 25 - 28, in Honolulu, HI.

ELIGIBILITY
Applicants must be 1) a student member of AAPD, 2) currently enrolled in an advanced educational program in pediatric dentistry

Interested individuals are encouraged to apply for the Sunstar Research Fellowship early in their training. Once the award is commenced, on July 5, 2017, at least one year must remain to complete the fellowship.

Individuals with graduate student research projects currently in progress are eligible to apply for this program, if all criteria are satisfied.

Sunstar Research Fellows who choose to participate in the Graduate Student Research Award (GSRA) competition are encouraged to present their research in the same year for both programs and are eligible for the Ralph E. McDonald Award. However, Sunstar Research Fellows who are selected as GSRA finalists are ineligible to receive the GSRA travel reimbursement to attend the Annual Session to present their research or the Ralph E. McDonald Award cash prize.

SUBMISSION
1. The application must be emailed to Jessica Parra at jparra@aapd.org by January 17, 2017 at 11:59 Central Standard Time. The application must be in one file including all components listed below (including cover letter, signed statement, research proposal, and budget), and not multiple documents.
   Application email must include a cover letter with the following information:
   A. Title of project.
   B. Name, mailing address, telephone, facsimile and e-mail for:
      1. Applicant
      2. Program Director
      3. Principal Advisor for this research project
   C. Applicant’s institution, year in Post-graduate program and expected date of graduation.
   D. A statement signed by both the applicant and the program director and principal advisor that they understand the requirements of the program and will comply with these requirements, if selected.
2. The research proposal must include the following:
   A. Hypothesis
   B. Specific goals
   C. Background and significance
   D. Preliminary data, if any
   E. Methods and materials
   F. Budget detailing the expected costs to conduct the study including: stipend, travel, equipment/supplies and institutional support (see budget details below).
   G. Supporting bibliography.

3. The research proposal must be presented in the following form:
   A. A maximum of six (6) pages (not including the bibliography).
   B. Typed single-spaced with twelve-point font.
   C. Any figures or tables must be included within the six (6) pages.
   D. Bibliography must be single-spaced and follow the format of Pediatric Dentistry (Journal of the American Academy of Pediatric Dentistry) with the full title of all articles provided.

4. A detailed budget must be submitted with the proposal with justification as to how the award will be spent. Up to $7,500 will be awarded as follows:
   A. Up to $1,000 for air travel to Annual Session and hotel accommodations to present research results.
   B. $1,000 to the Sunstar Research Fellow’s advanced education program in pediatric dentistry.
   C. Up to $5,500 for supplies and expenses related to the research project and student stipend. Stipends may be less than $1,500, but may not exceed $1,500. Stipends will be disbursed in installments.

5. Incomplete email applications not strictly adhering to the above criteria will be rejected without review.

6. Proposals must be received via email to Jessica Parra at jparra@aapd.org by January 17, 2017 at 11:59 Central Standard Time.

7. Recipients of this fellowship must submit an abstract of the completed research by August 21, 2017. Fellows will be required to present a ten-minute summary of their research at the AAPD 2018. Fellows also must submit a manuscript suitable for publication in a refereed journal by June 1, 2018. This manuscript may be independently submitted by the author for consideration to be published in Pediatric Dentistry, (the official publication for the AAPD), however, publication is not guaranteed.

**Criteria**

The following criteria will be used to judge the applications:

1. The proposed research project is applicable to pediatric dentistry.
2. The proposal is well organized and readable.
3. The proposal contains the required sections: hypothesis, specific goals, background and significance, preliminary data, if any, methods and materials, budget with details and supporting bibliography.
4. The research problem is well defined and its importance is clear.
5. The proposed research project has feasibility of success.

Announcement of selected applicants will be made prior to the AAPD 2018 in Honolulu, Hawaii. If you have any questions about the Sunstar Research Fellowship, please contact Jessica Parra at (312) 337-2169 or jparra@aapd.org.

Applications should be transmitted by email to:
