

Assembly Bill No. 2003

CHAPTER 790

An act to add Section 1367.71 to the Health and Safety Code, and to add Section 10119.9 to the Insurance Code, relating to health coverage.

[Approved by Governor September 23, 1998. Filed with Secretary of State September 24, 1998.]

LEGISLATIVE COUNSEL'S DIGEST

AB 2003, Strom-Martin. Health coverage: dental treatments: anesthesia.

(1) Existing law provides for the licensure and regulation of health care service plans administered by the Commissioner of Corporations. Under existing law, willful violation of any of these provisions is a crime.

This bill would provide that specified health care service contracts are deemed, commencing January 1, 2000, to cover general anesthesia and associated facility charges for dental procedures for enrollees under 7 years of age, or who are developmentally disabled, or for whom general anesthesia is medically necessary, if rendered in a hospital or surgery center setting, when the clinical status or underlying medical condition of the patient requires dental procedures that ordinarily would not require general anesthesia to be rendered in a hospital or surgery center setting. The bill would authorize the health care service plan to require prior authorization of general anesthesia and associated charges required for dental care procedures in the same manner that prior authorization is required for other covered diseases or conditions. Since the willful violation of the provisions relating to health care service plans is a crime, this bill would impose a state-mandated local program.

(2) Existing law also provides for the regulation of policies of disability insurance administered by the Insurance Commissioner.

This bill would apply provisions similar to those in (1) above to disability insurers.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

*The people of the State of California do enact as follows:*

SECTION 1. Section 1367.71 is added to the Health and Safety Code, to read:

1367.71. (a) Every health care service plan contract, other than a specialized health care service plan contract, that is issued, amended, renewed, or delivered on or after January 1, 2000, shall be deemed to cover general anesthesia and associated facility charges for dental procedures rendered in a hospital or surgery center setting, when the clinical status or underlying medical condition of the patient requires dental procedures that ordinarily would not require general anesthesia to be rendered in a hospital or surgery center setting. The health care service plan may require prior authorization of general anesthesia and associated charges required for dental care procedures in the same manner that prior authorization is required for other covered diseases or conditions.

(b) This section shall apply only to general anesthesia and associated facility charges for only the following enrollees, and only if the enrollees meet the criteria in subdivision (a):

(1) Enrollees who are under seven years of age.

(2) Enrollees who are developmentally disabled, regardless of age.

(3) Enrollees whose health is compromised and for whom general anesthesia is medically necessary, regardless of age.

(c) Nothing in this section shall require the health care service plan to cover any charges for the dental procedure itself, including, but not limited to, the professional fee of the dentist. Coverage for anesthesia and associated facility charges pursuant to this section shall be subject to all other terms and conditions of the plan that apply generally to other benefits.

(d) Nothing in this section shall be construed to allow a health care service plan to deny coverage for basic health care services, as defined in Section 1345.

(e) A health care service plan may include coverage specified in subdivision (a) at any time prior to January 1, 2000.

SEC. 2. Section 10119.9 is added to the Insurance Code, to read:

10119.9. (a) A disability insurance policy or certificate covering hospital, surgical, or medical expenses, that meets the definition of "health benefit plan" in subdivision (a) of Section 10198.6, that is issued, amended, renewed, or delivered on or after January 1, 2000, shall be deemed to cover general anesthesia and associated facility charges for dental procedures rendered in a hospital or surgery center setting, when the clinical status or underlying medical condition of the insured requires dental procedures that ordinarily would not require general anesthesia to be rendered in a hospital or surgery center setting. The disability insurance policy or certificate may require prior authorization of general anesthesia and associated

charges required for dental care procedures in the same manner that prior authorization is required for other covered diseases or conditions.

(b) This section shall apply only to general anesthesia and associated facility charges for only the following insureds, and only if the insureds meet the criteria in subdivision (a):

(1) Insureds who are under seven years of age.

(2) Insureds who are developmentally disabled, regardless of age.

(3) Insureds whose health is compromised and for whom general anesthesia is medically necessary, regardless of age.

(c) Nothing in this section shall require insurers to cover any charges for the dental procedure itself, including the professional fee of the dentist. Coverage for anesthesia and associated facility charges pursuant to this section shall be subject to all other terms and conditions of the policy or certificate that apply generally to other benefits.

(d) Nothing in this section shall require insurers to cover anesthesia or related facility charges for dental procedures that ordinarily would require general anesthesia and that do not meet the requirements of subdivision (a), (b), or (c).

(e) A disability insurance policy may include coverage specified in subdivision (a) at any time prior to January 1, 2000.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.
