The Only Challenge in Continuing Education Should be Learning

Two AAPD Membership Benefits to Make Continuing Education Easier.

Journal Continuing Education Program

Subscription price per year: \$90

AAPD members can earn up to three (3) continuing education credits per issue of Pediatric Dentistry (up to 18 credits annually) by subscribing to this service. Subscribers read selected articles in each issue of the journal, answer questions on those articles and return the answer sheet to the AAPD headquarters office. Subscribers will be notified of the results of each exercise and the number of continuing education credits awarded.

Continuing Education Registry

Subscription price per year: \$35

Subscribers to this service will receive materials on which to record continuing education credit information. Upon submission to the AAPD headquarters office, this information will be entered into a personal, confidential, computerized record. One complimentary printout will be furnished annually to each subscriber. Additional copies can be purchased for \$10 each.

Please enroll me in the following for January–December 2017:

Journal Continuing Education Program: \$90

Continuing Education Registry: \$35
